Hand in on Google Classroom

Digital Technologies · School and personal computers

You will

- find your assignment in Google Classroom
- attach a file, such as your project zip
- turn it in, and unsubmit if you need to change it

You need

- your school Google account
- the file to hand in, saved and ready

Before you start

- Handing in a template your kaiako gave you? See the guide Open and hand in your evidence template.
- Your kaiako only sees your work after you click Turn in.

 Click here  Look here

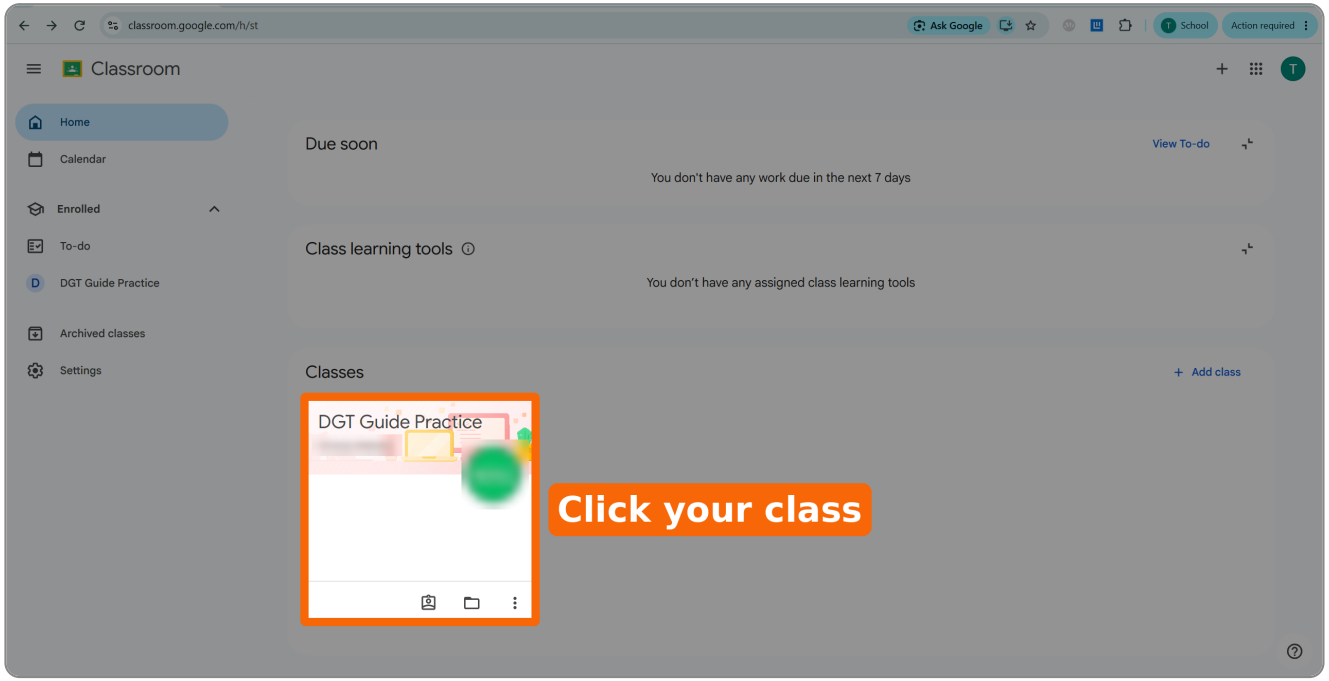

1

Chrome › classroom.google.com

Go to `classroom.google.com`.

Click your class.

Signed in with the wrong account? Click the circle at the top right and choose your school account.

2

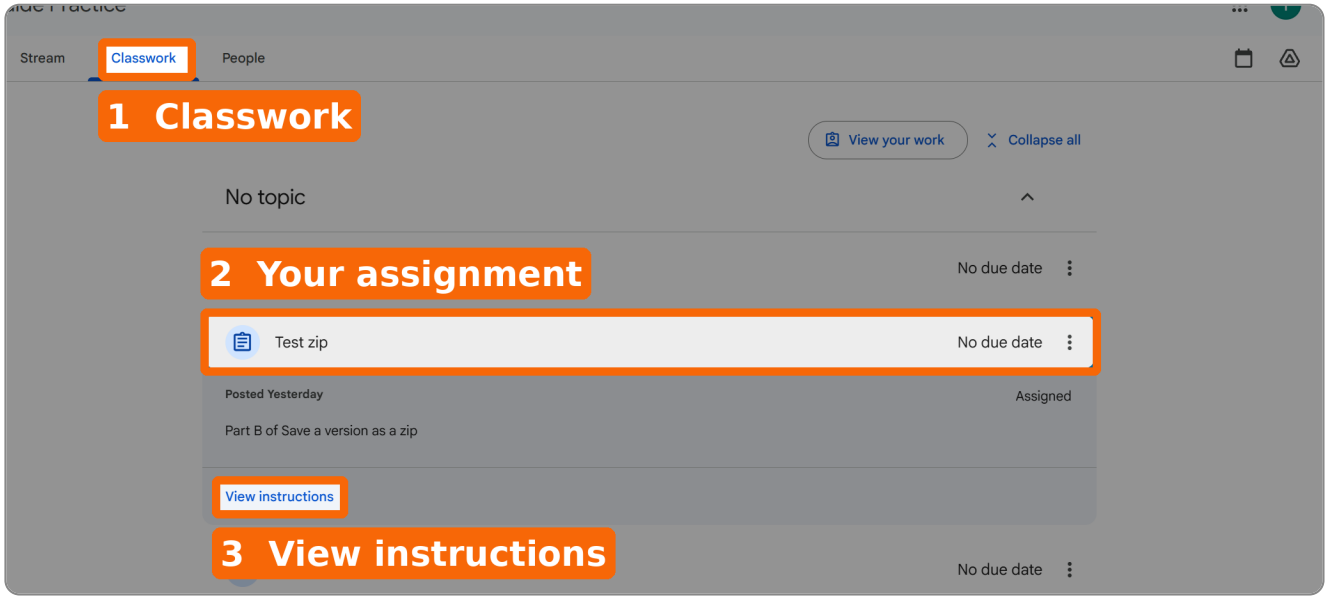

Classroom › your class › Classwork

Click **Classwork**.

Click your assignment.

Click **View instructions**.

Read the instructions so you know what to attach.

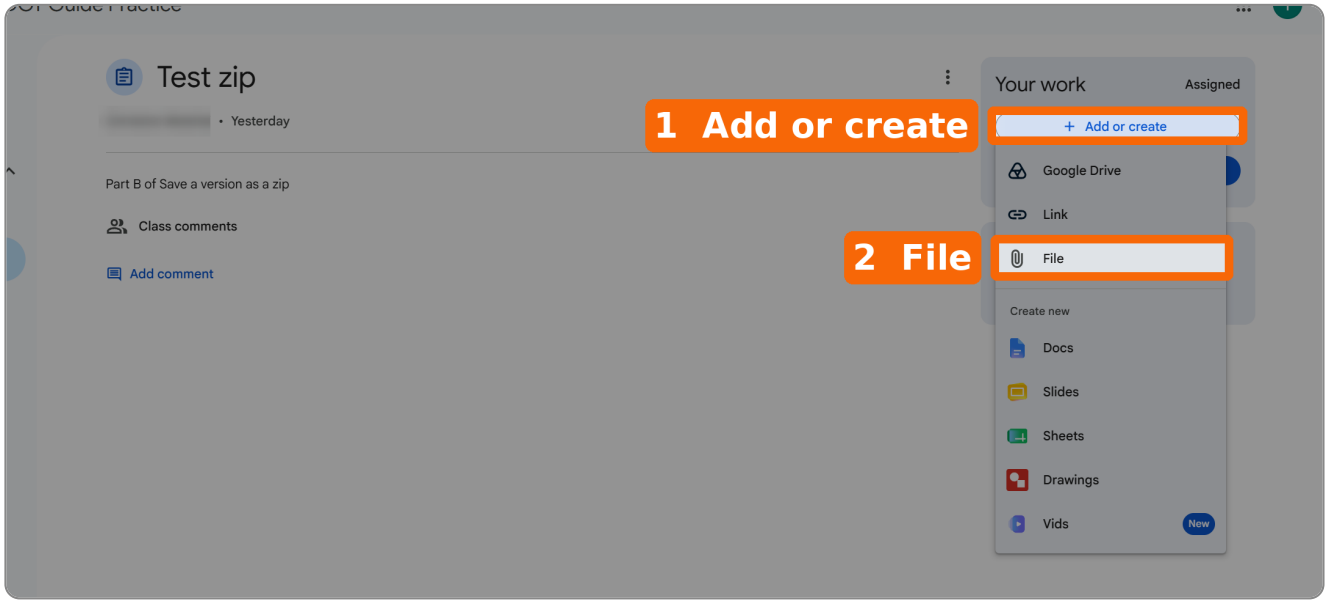

3

Classroom › your assignment

Under **Your work**, click **+ Add or create**.

Click **File**.

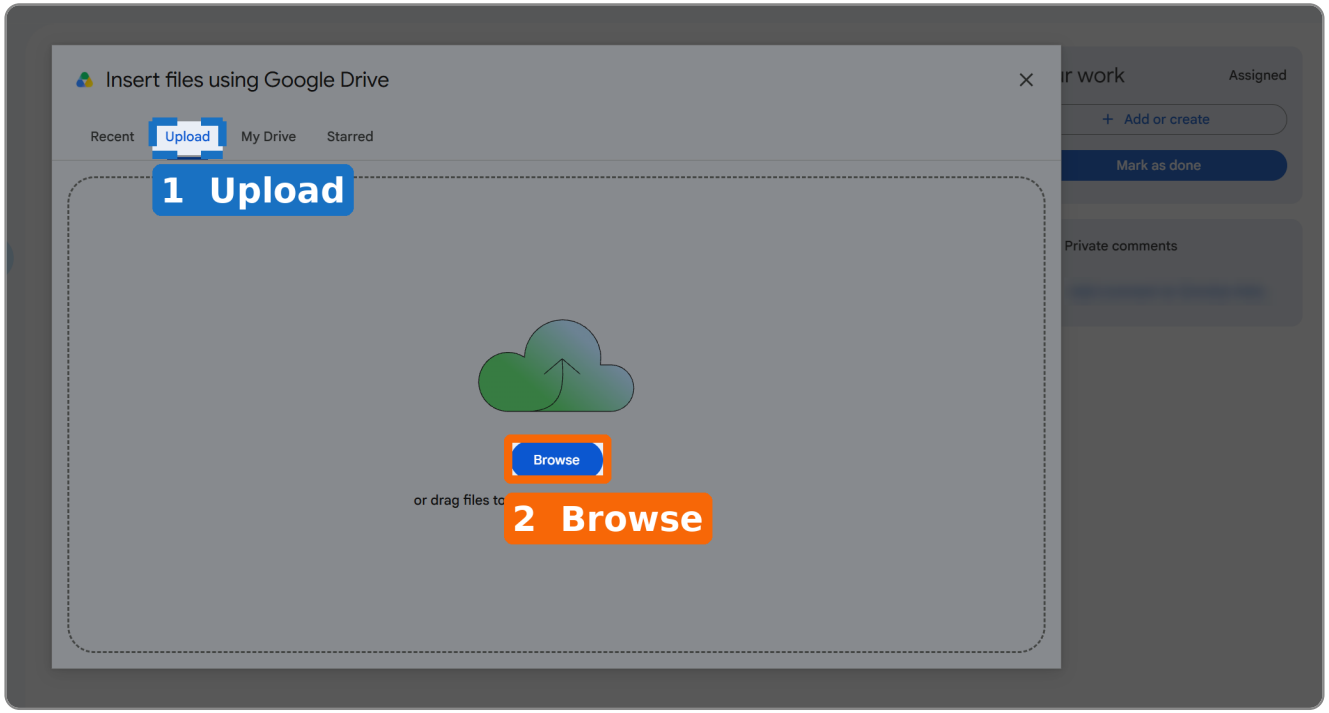

4

Insert files using Google Drive › Upload

Check **Upload** is selected.

Click **Browse**.

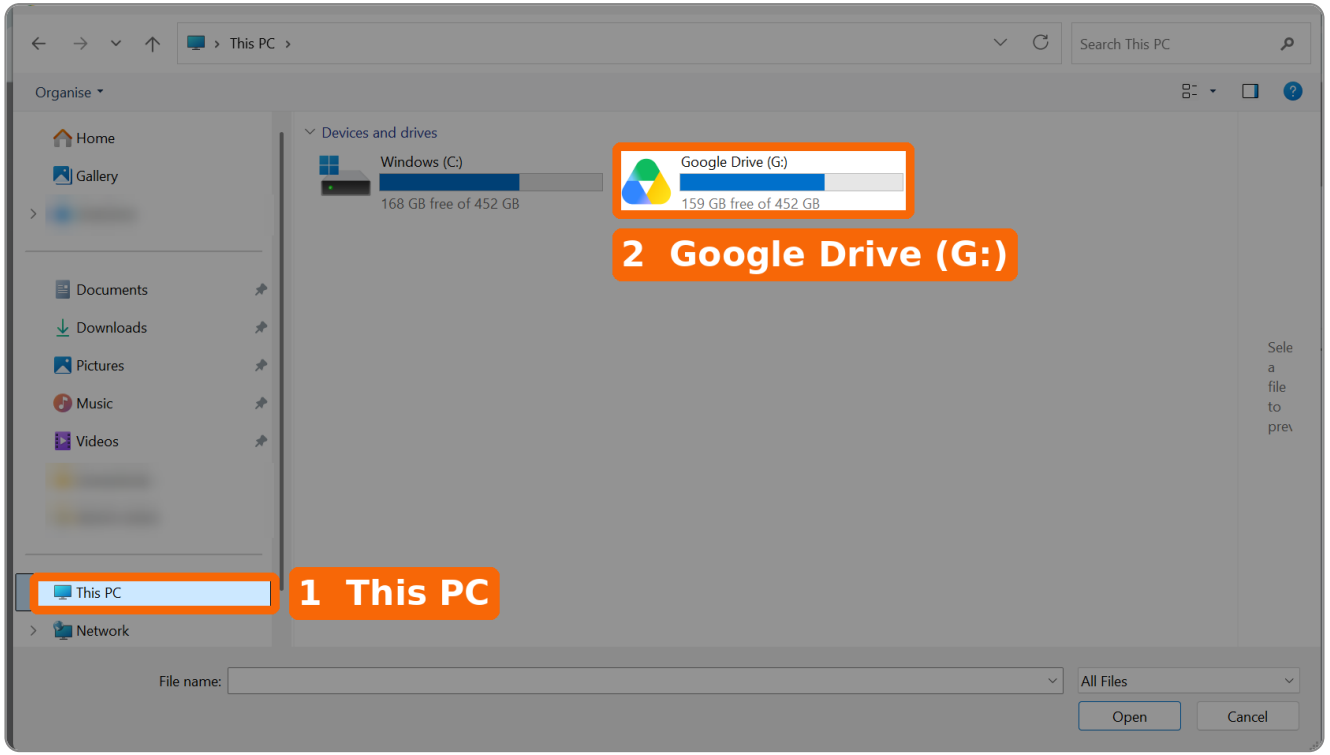

5

Open window › This PC

Click **This PC** in the left pane.

Double-click **Google Drive (G:)**.

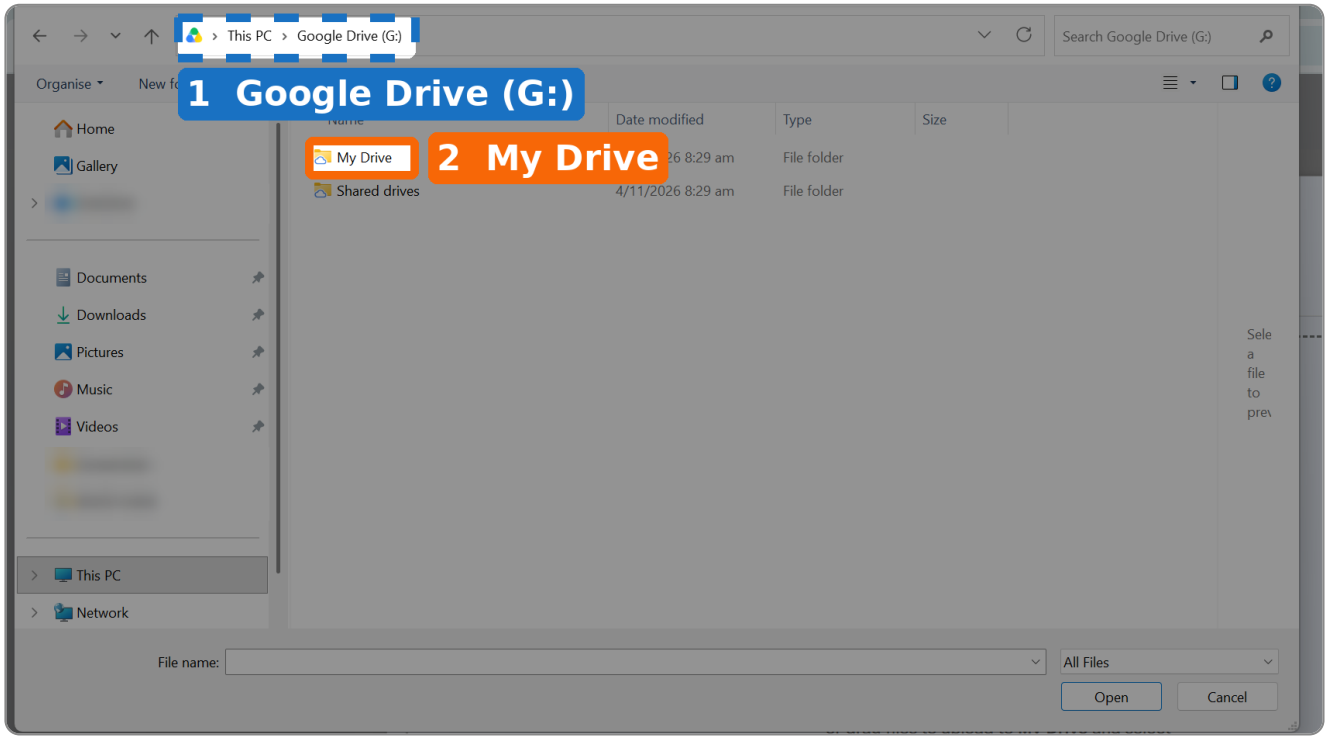

Your file is somewhere else, like Documents? Click that folder in the left pane instead.

6

Open window › Google Drive (G:)

Double-click **My Drive**.

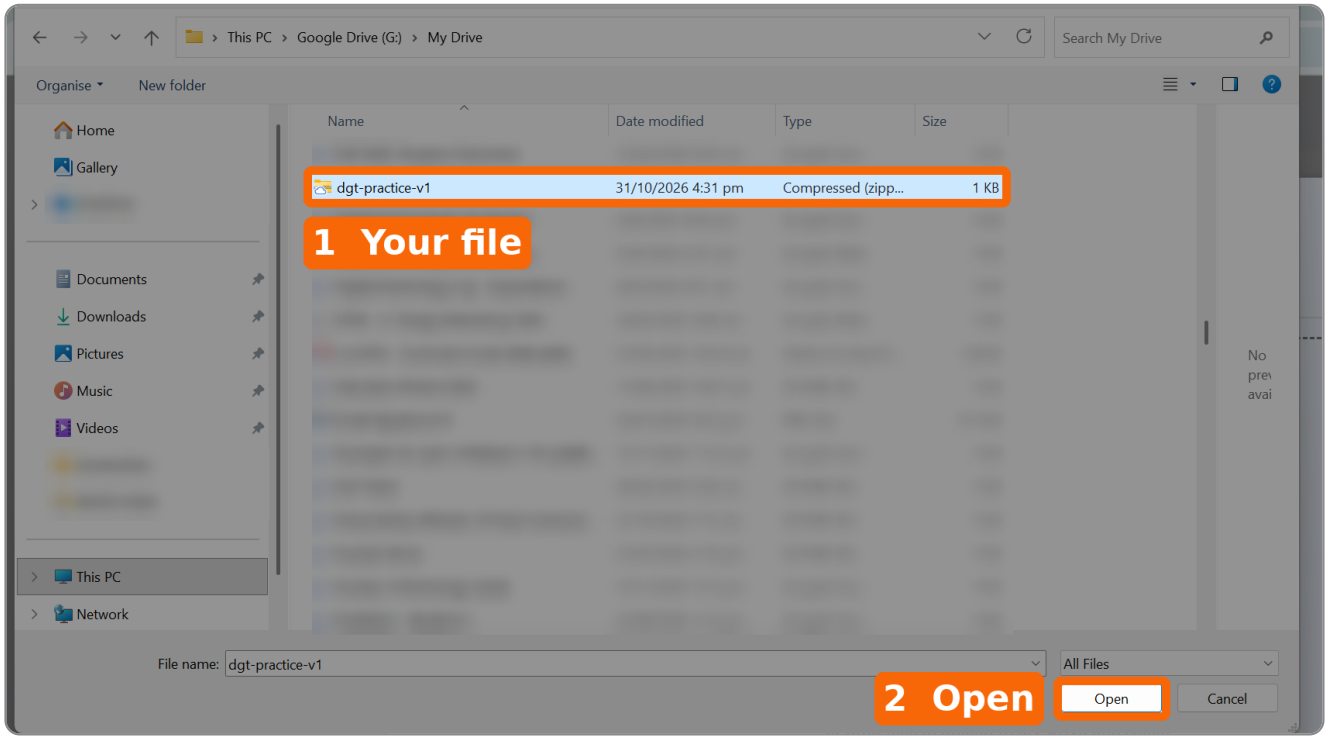

7

Open window › My Drive

Click your file. Open folders to find it if you need to.

Click **Open**.

Handing in a project? Choose the zip, like `dgt-practice-v1.zip`, not the folder.

8

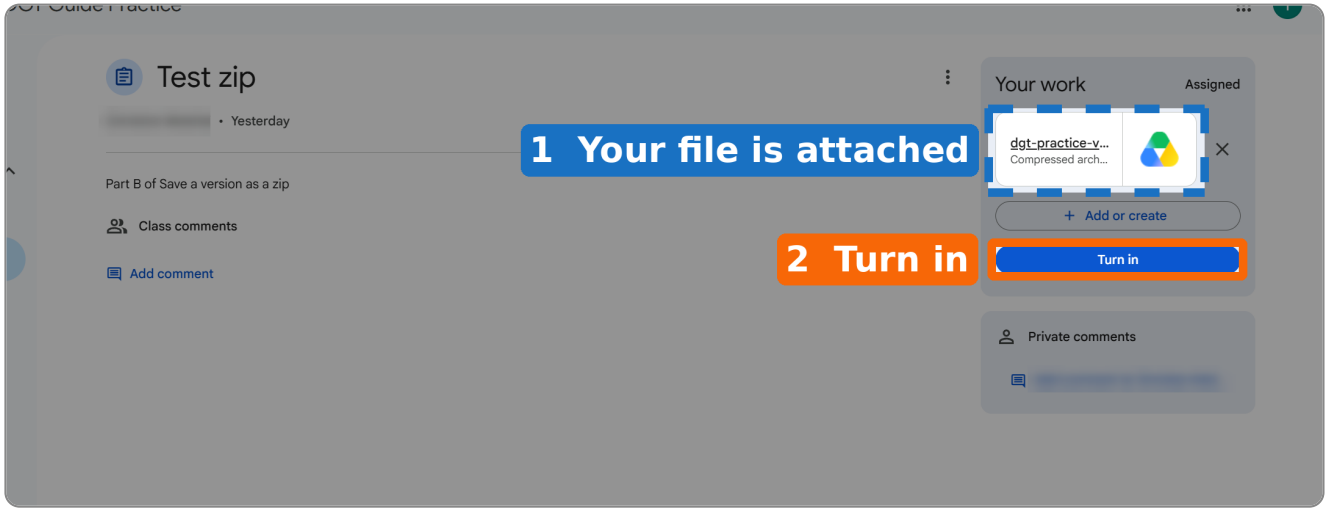

Classroom › your assignment

Wait until your file shows under Your work.

Click **Turn in**.

Attach more files the same way before you turn in, if your assignment asks for them.

If something goes wrong
You see Mark as done instead of Turn in: nothing is attached yet. Add your file first.

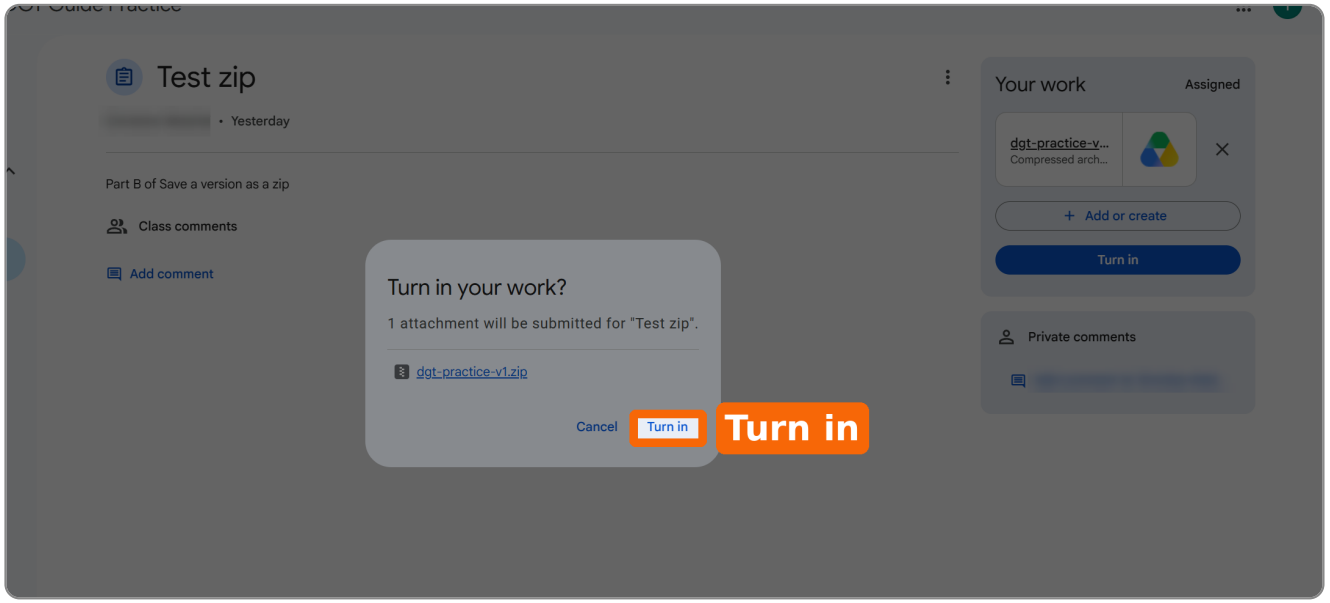

9

Classroom › Turn in your work?

Check the file name is right.

Click **Turn in**.

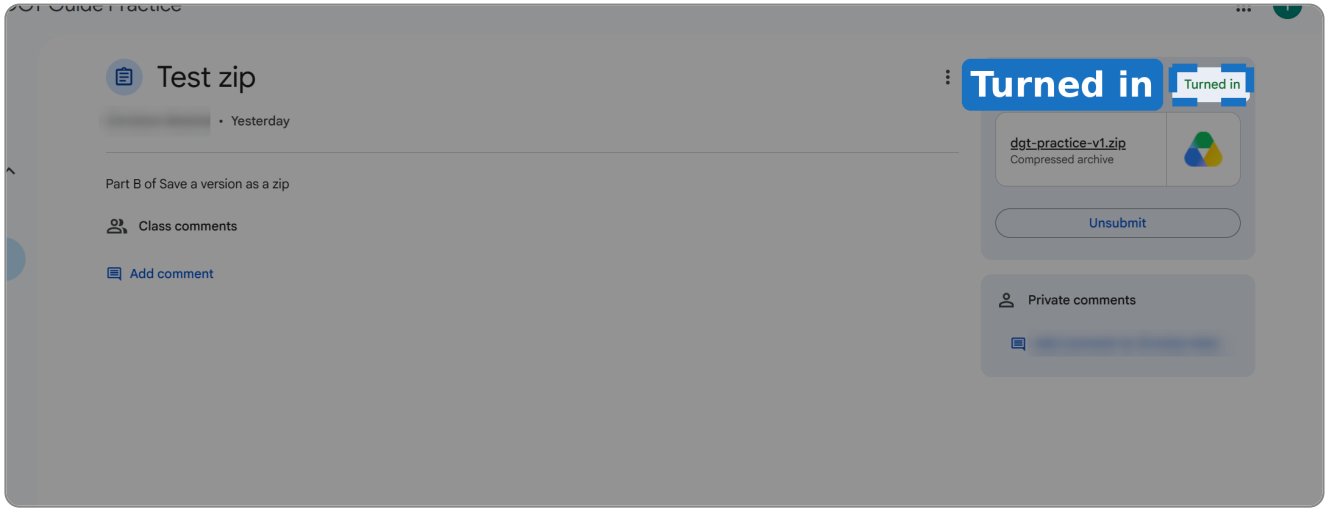

10

Classroom › your assignment

Check **Your work** says **Turned in**.

Your kaiako can see your work now.

> **Check:** Turned in, at the top of Your work.

Change something after you turn in
Click **Unsubmit**, then **Unsubmit** again. Remove a file with its **X**, add the new one, then click **Turn in** again.

Find work you still need to hand in
Click **To-do** in the left menu. **Assigned** lists everything you haven't turned in.

Checkpoint

- [ ] I can find my assignment in Classroom.
- [ ] I can attach a file and turn it in.
- [ ] I can unsubmit, change my work and turn it in again.
