Sign in to Grok Academy

Digital Technologies · School and personal computers

You will

- sign in to Grok Academy with your school Google account
- accept your class invitation and open your course
- log out at the end of the lesson

You need

- your school Google account

Before you start

- Grok saves your progress to your account, so you can carry on from any computer.
- Always use Use Google. Your kaiako finds your work by your school account.

 Click here  Look here

1

Chrome › groklearning.com

Go to `groklearning.com`.

Click **Log In** at the top right.

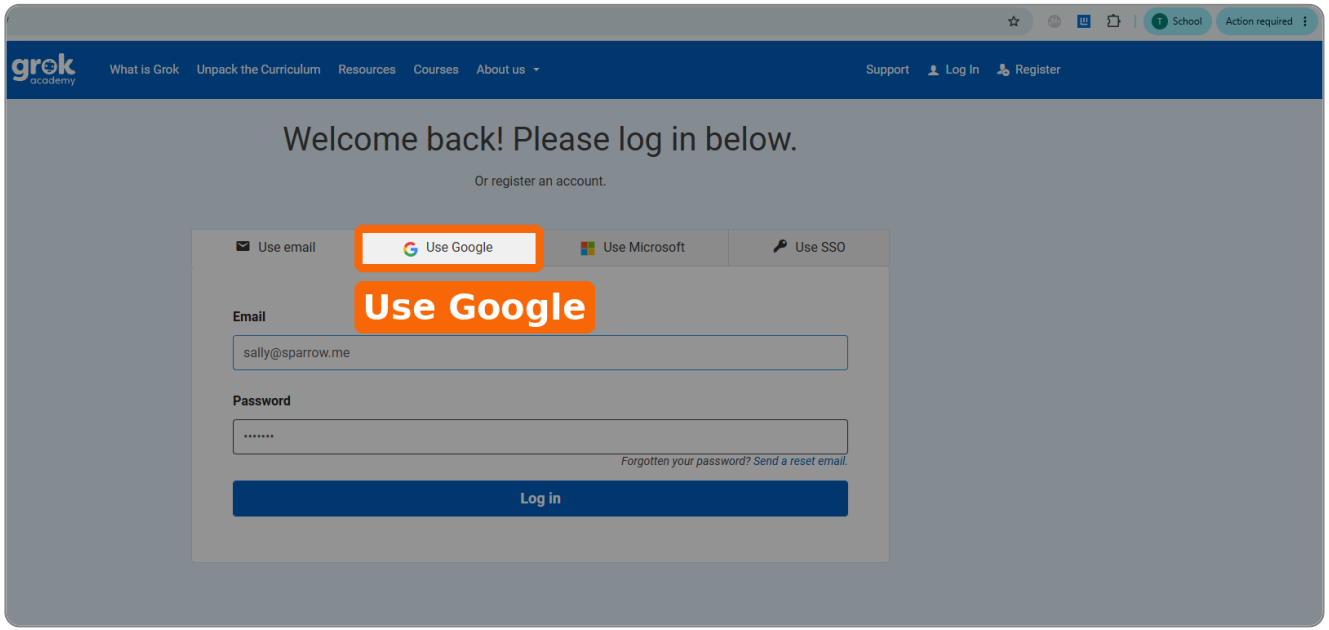

2

Grok Academy › Log in

Click **Use Google**.

Skip the email and password boxes.
Your school account signs you in.

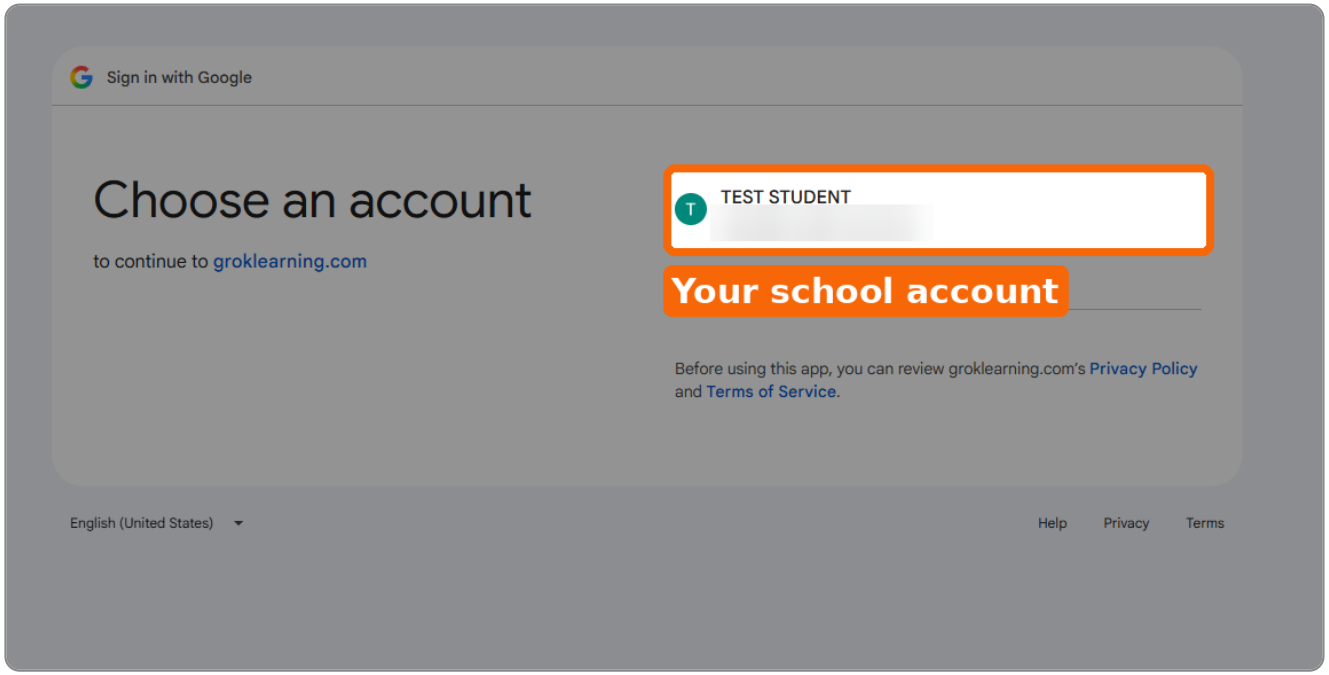

3

Google › Choose an account

Click your school account.

Not in the list? Click **Use another account** and sign in with your school email.

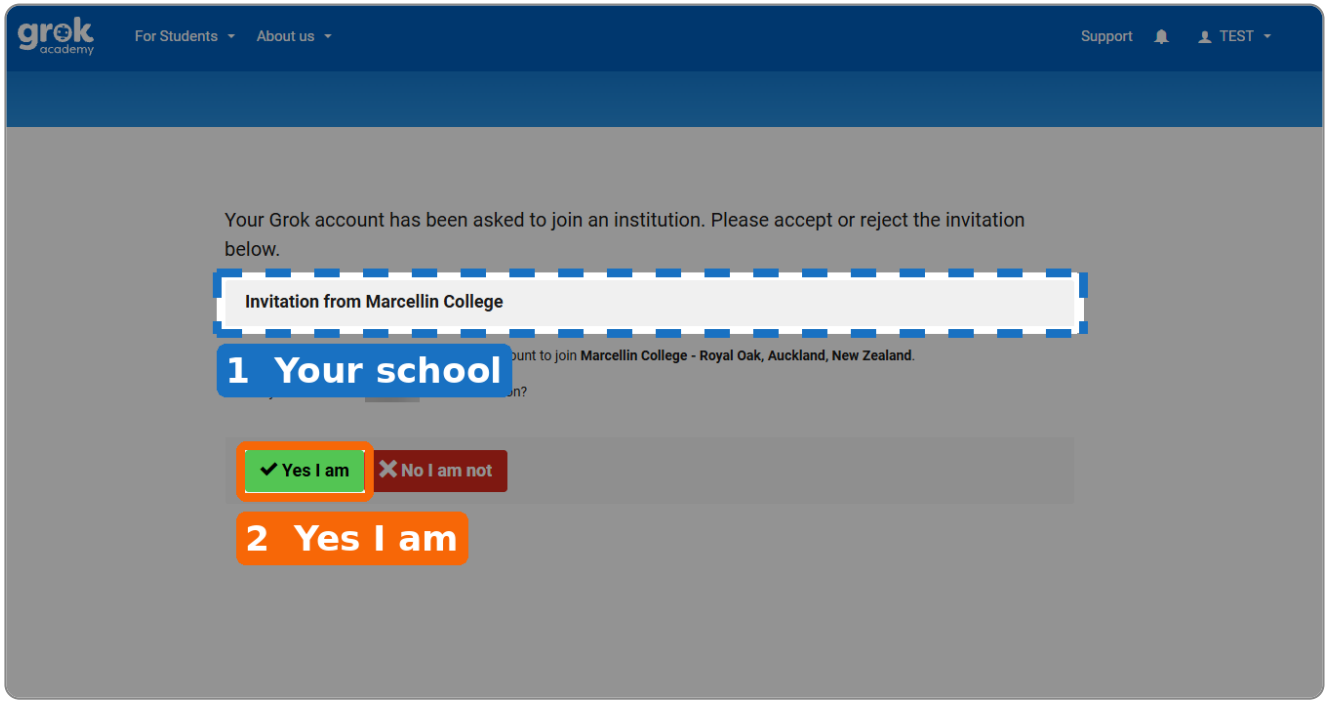

4

Grok Academy › Invitation › first time only

Check the invitation is from Marcellin College.

Click **Yes I am**.

This shows once, after your kaiako adds you. Year level wrong? Accept, then tell your kaiako.

5

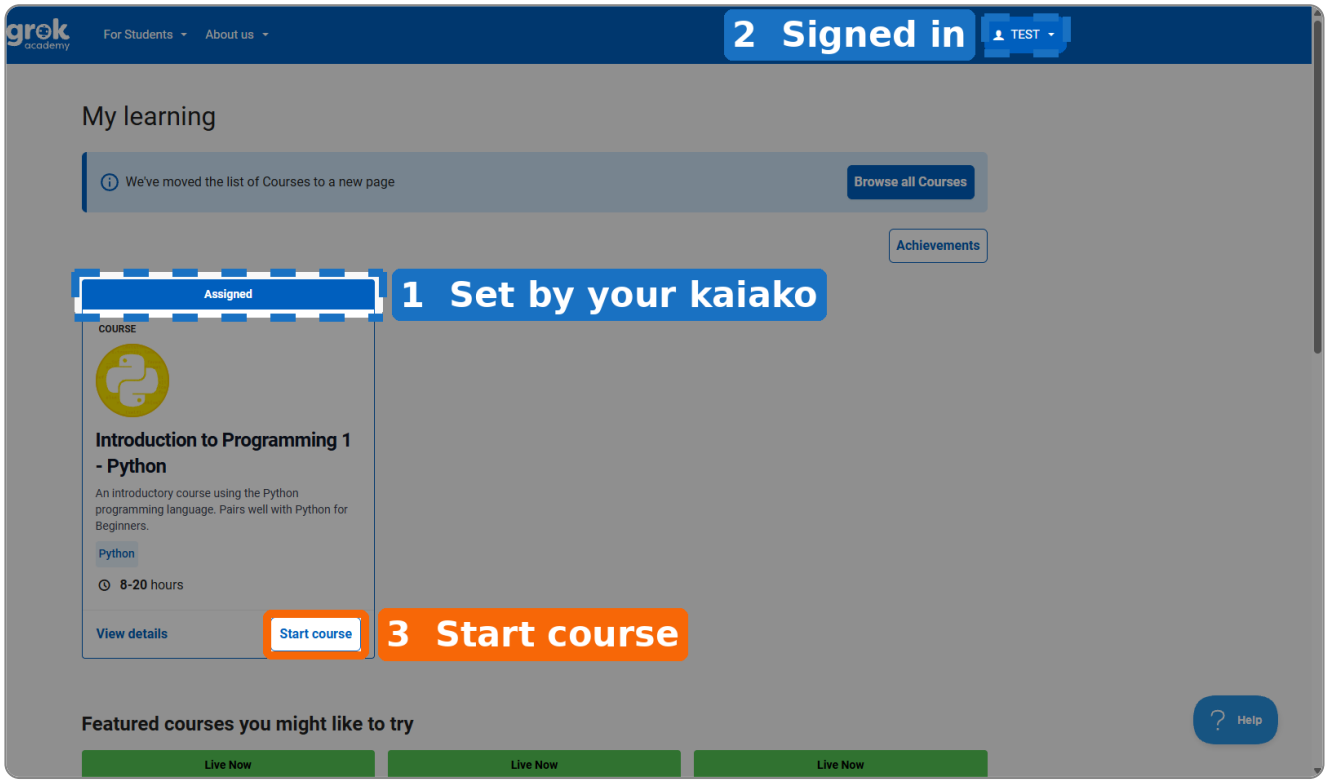

Grok Academy › My learning

Find the course marked Assigned.

Click **Start course**.

Assigned courses are the ones your kaiako set for your class.

> **Check:** your course under My learning, with your name at the top right.

6

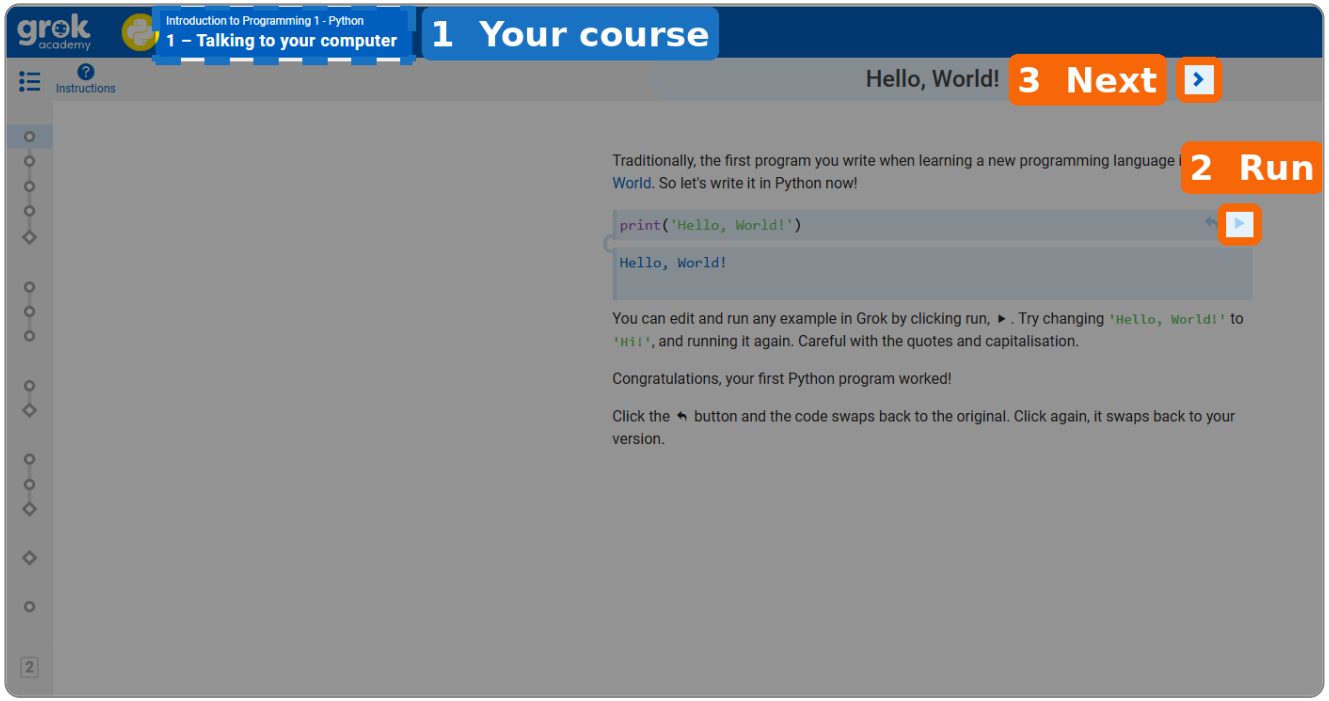

Grok Academy › your course

Read the slide.

Click the **Run** arrow to try an example.

Click the **Next** arrow at the top to move on.

The circles down the left are the slides in this part of the course.

7

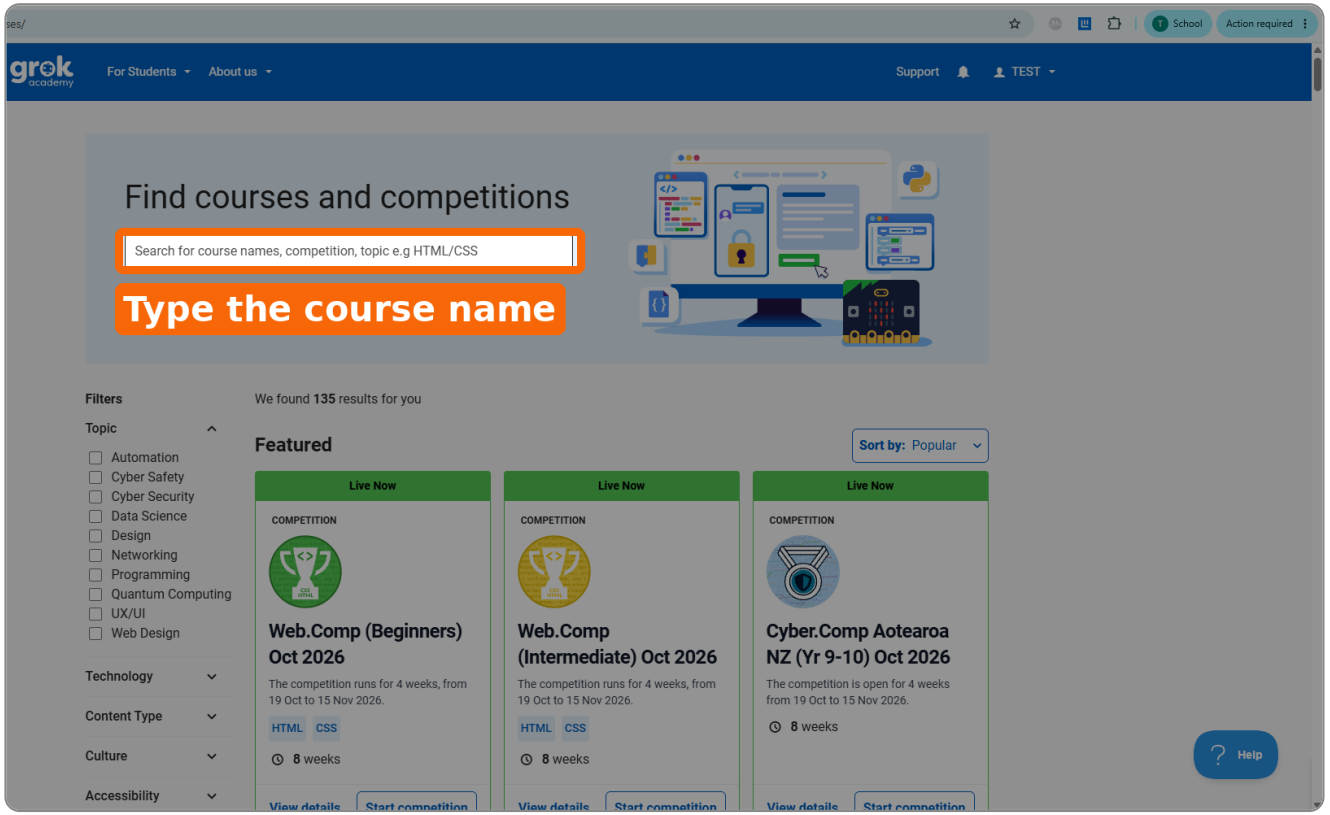

Grok Academy › Courses › only if your kaiako asks

In My learning, click **Browse all Courses**.

Type the course name your kaiako gives you.

Click the course to open it.

Use the exact name, so you start the same course as your class.

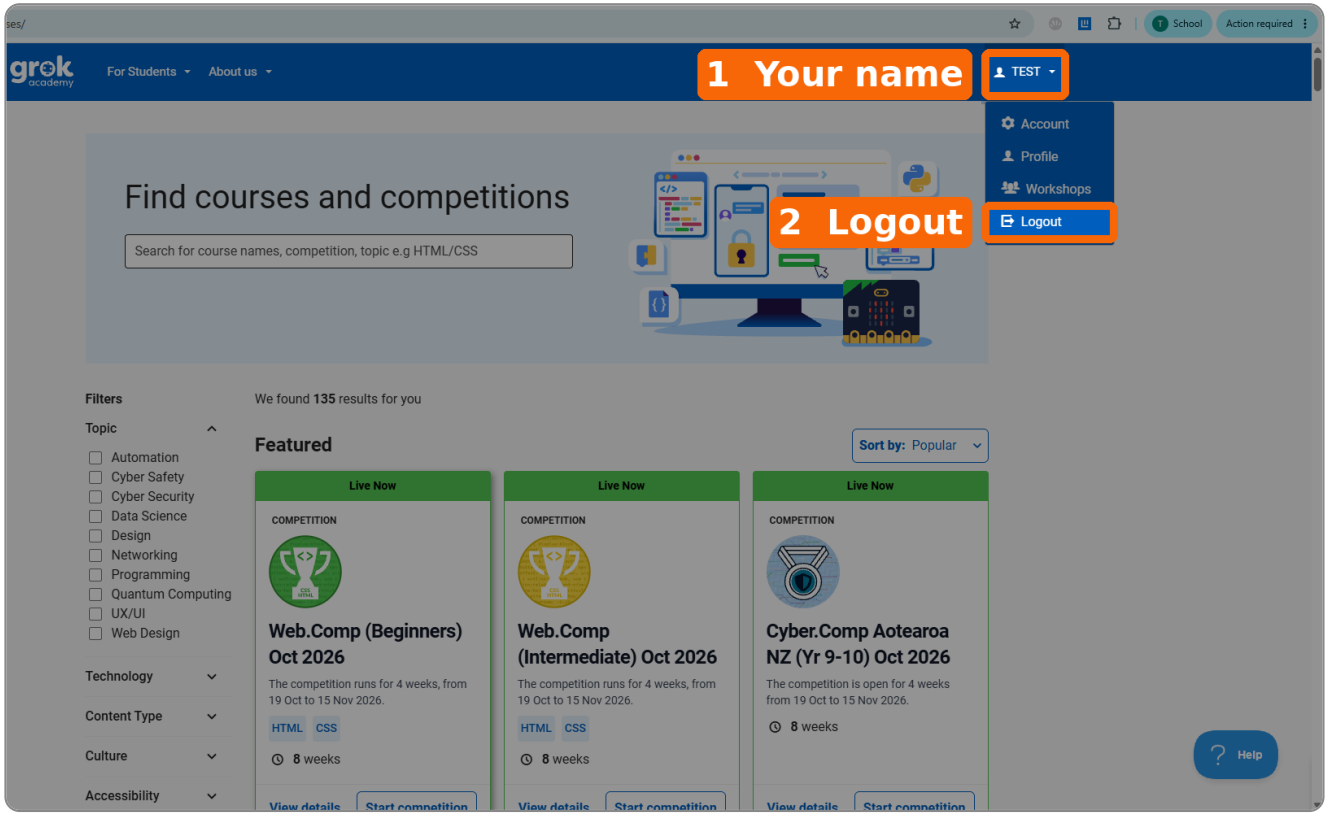

8

Grok Academy › your name menu

At the end of the lesson, click your name at the top right.

Click **Logout**.

Logging out stops the next person using your account on a school computer.

Next lesson

Log in with **Use Google** again, then open your course from **My learning**.

Achievements

Achievements in My learning shows the badges you earn as you solve problems.

Checkpoint

- [ ] I can log in to Grok with my school Google account.
- [ ] I can find my course in My learning.
- [ ] I log out at the end of the lesson.
